REPORT

1987

IN MEMORIAM

BARRY E. SASNER  
June 22, 1948 - August 31, 1987

Barry E. Sasner worked for the Town of Jaffrey for most of his adult life. He was a member of the Police Department from September 1975 to December 1982 and acted as Interim Police Chief during the summer of 1982.

Barry was elected Town Clerk March 13, 1984, was re-elected for a second term March 10, 1987 and was serving in that capacity until his untimely death on August 31, 1987. Barry helped to bring the Town Offices from the "quill and ink pot" stage to the modern day computer.

Barry's drive, initiative, insight and caring for the Town and its people set an example for others to follow. Who can forget his cheery greeting "Hi there!! What can I do for you today?!!!"

"WELL DONE BARRY - WE REALLY MISS YOU"

STATE OF NEW HAMPSHIRE  
TOWN MEETING WARRANT  
(PROPOSED)

TO: The inhabitants of the Town of Jaffrey, in the County of Cheshire, in said State, qualified to vote in Town Affairs:

Your are hereby notified to meet at the Ernest J. Pratt Auditorium in said Jaffrey on Tuesday, the 8th of March next, at nine o'clock in the forenoon (polls close at 6:00 PM) to vote for the Town Officers and to act on other questions require by law to be decided by official ballot. Pursuant to the authority of RSA 39:2a and the vote of the Town at adjourned session of Town Meeting on March 15, 1979, the business meeting will be recessed until 10:00 AM, Saturday March 12, 1988, at which time the Town will act on all subjects described in the following Warrant Articles except from the official ballot questions:

1. To choose the following Town Officers:

Selectman for 3 years  
Chief Engineer of Fire Department for 1 year  
Town Clerk for 2 years  
Trustee of Trust Funds for 3 years  
Supervisor of the Checklist for 6 years

2. To raise and appropriate the sum of One Million Dollars (\$1,000,000.00) for the following purposes:

- a) renovating, expanding and finishing the Jaffrey Public Library;
- b) defraying the costs of preliminary or final plans and specifications or other preliminary expenses incidental to or connected with the renovation and expansion of the Jaffrey Public Library; and
- c) paying principal and interest on any temporary indebtedness incurred in accordance with New Hampshire Revised Statutes Annotated Chapter 33 in connection with said renovation and expansion.

said sum to be made available by issuing, in accordance with the applicable provisions of New Hampshire law, general obligation bonds and/or notes (including, without limitation, notes issued in anticipation of the receipt of grants of federal and/or state aid), not to exceed One Million Dollars (\$1,000,000.00); and to authorize the Selectmen to provide for the sale of said bonds or notes and to fix the date, maturities, denominations, interest rate or discount rate, plane of payment, form and other details of the bonds and/or notes; and to authorize the Selectmen to expend said sum, and to sign such agreements, contracts and other documents and take such other actions as may be necessary to effect the purposes set forth above; and to authorize the Selectmen to accept and expend any monies that may become available from the federal and/or state governments for any of the purposes set forth above.  
(By Ballot)

3. That all reports except that of the Budget Committee be accepted as read.
4. To hear the report of the Budget Committee, and to raise and appropriate such sums of money as may be required for the support of the poor, building and repairing of highways and bridges, Fire and Police Departments, Memorial Day, street and building lighting, and other Town charges.
5. To see if the Town will vote to appropriate and expend a sum of not to exceed Five Hundred Forty Thousand Dollars (\$540,000.00) for Water Department operations or act in any way relating thereto. Said appropriation to be offset by user fees.
6. To see if the Town will vote to appropriate and expend a sum not to exceed Four Hundred Thirty Thousand Dollars (\$430,000.00) for Sewer Department operations or act in any way relating thereto. Said appropriation to be offset by user fees together with Federal and/or State funds.
7. To see if the Town will vote to authorize the Selectmen to sell at public auction property acquired or property which may be acquired by tax sale or tax lien, such public auction to be held after being advertised in a local weekly newspaper for three successive weeks.
8. To see if the Town will vote to raise and appropriate the sum of Thirty Thousand Dollars (\$30,000) to be paid into the Capital Reserve Fund for the completion of base mapping of the Town of Jaffrey.
9. To see if the Town will vote to enter into an agreement with the NH Governor's Energy Office for the Street Light Replacement Demonstration Program; and raise and appropriate the sum of Seventy-Four Thousand Nine Hundred Ninety-One Dollars (\$74,991.00) to convert the existing inefficient street lights in the Town to the new High Pressure Sodium (or equivalent) Lighting Fixtures. Furthermore, said replacements to be contingent upon receipt of a grant from the Governor's Energy Office in the amount of Eleven Thousand Two Hundred Forty-Nine Dollars (\$11,249.00) which represents 15% of the equipment costs.
10. To see if the Town will vote to pay the Town Clerk a fixed annual compensation in lieu of statutory fees (RSA 41:33) in the amount of Twenty-One Thousand Dollars (\$21,000.00) and an additional Four Thousand Five Hundred Dollars (\$4,500.00) for the voluntary participation in the Motor Vehicle Agent Program (RSA 261:74-D) to take effect at conclusion of the Town Meeting in March 1990.
11. To see if the Town will vote and appropriate the sum of One Thousand Dollars (\$1,000.00) for the support of the Monadnock Community Day Care Center, a non-profit agency, or take any other action relating thereto. (By Petition)

12. To see if the Town will appropriate the sum of Thirteen Thousand Two Hundred and Forty-Eight Dollars (\$13,248.00) to Home Health Care and Community Services to support the continuance of health services now being provided on behalf of the Monadnock Community Visiting Nurses Association. (By Petition)
13. To see if the Town will vote to raise and appropriate the sum of Four Thousand Five Hundred Dollars (\$4,500.00) for Monadnock Family Services, or take any other action relating thereto. (By Petition)
14. To see if the Town will vote to authorize the Conservation Commission to retain the unexpended portion of its 1987 appropriation, said funds to be placed in a special conservation fund in accordance with RSA 36-A:5, or act in any way relating thereto.
15. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow money upon the credit of the Town in anticipation of taxes.
16. To see if the Town will vote to allow a discount of 2 1/2% for real estate taxes paid within 15 days of the postmarked date of the tax bill, or act in any way relating thereto.
17. Shall we adopt the provisions of RSA 80:58-86 for a Real Estate Tax Lien procedure? These statutes provide that tax sales to private individuals for non-payment of property taxes on real estate are replaced with a real estate tax lien procedure under which only a municipality or county where the property is located or the state may acquire a tax lien against land and buildings for unpaid taxes.
18. To see if the Town will authorize the Selectmen to accept any or all legacies, gifts, grants and subsidies to the Town in trust or otherwise by any individual or individuals and to further authorize that the funds may be expended for the purposes stated or act in any way relating thereto.
19. To see if the Town will authorize the Selectmen to apply, negotiate, and do all things necessary to obtain Federal, State and other assistance as may be available to the Town.
20. To see if the Town will vote to elect a Board of Library Trustees consisting of five (5) members pursuant to RSA 202:A-G as follows:

At the first election (1989) one (1) trustee shall be elected for one (1) year, two (2) trustees shall be elected for two (2) years, and two (2) trustees shall be elected for three (3) years; thereafter, each year the trustee(s) shall be elected for a term of three (3) years and until their successors are elected and qualified.
21. To see if the Town will vote to adopt the provisions of the Municipal Budget Law. (By Petition) (By Ballot)

22. To see if the Town will vote to authorize the Moderator to appoint a Budget Committee of six (6) persons pursuant to RSA 32:2 for the year 1988-89, but commencing with the Town Meeting of 1989 said members shall be elected pursuant to RSA 32:2 as follows:

At the first election (1989), two (2) members shall be elected for one (1) year, two (2) members shall be elected for two (2) years, and two (2) members shall be elected for three (3) years; thereafter, each year, members shall be elected for a term of three (3) years.

23. To see if the Town will vote to authorize the Moderator to appoint a Budget Committee of six (6) persons pursuant to RSA 32:2.
24. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000.00) for the dues to join the Keene Industrial Corporation.
25. To see if the Town will vote to have the Tax Collector's position be appointed by the Town Manager rather than being an elected position. The appointment to become effective upon the completion of the current Tax Collector's term in March 1990, or prior to that date if this position should become vacant.
26. To see if the Town will vote to raise and appropriate the sum of Forty Thousand Dollars (\$40,000.00) for the purpose of a new sidewalk plow or act in any way related thereto.
27. To see if the Town will vote to raise and appropriate the sum of Fifty Thousand Dollars (\$50,000.00) for the purchase of Equipment to operate the landfill or act in any way relating thereto.

LISA A. SIROIS  
TOWN CLERK

## SELECTMEN'S REPORT

January 1987 found Selectmen Robert M. Chamberlain, P. Edward Deschenes, and Robert V. Mitchell working with the Town Manager, Donald T. Rich, on the budget process and presentation for the 1987 Annual Town Report. Selectman Deschenes decided not to run for a second term.

A new Dog Officer was appointed in January. Mr. Lawrence Harris was the Dog Officer until the latter part of August, then resigned. The Police have been filling the vacated position because we have been unable to hire a new Dog Officer.

We passed a "No Smoking" Ordinance effective February 2, 1987 for Town owned buildings. This allows our citizens to enjoy an almost smoke free atmosphere. However, there still remains some smoke coming from the smoking areas. Our latest test revealed a measurement of eight (8) for carbon dioxide in the "No Smoking" areas. This still is too high and only strict enforcement will lower the level of carbon monoxide and tars.

There was an oil spill into the Contoocook River in February. This was quickly cleaned up with the state supervising and the spiller paying the costs.

Meetings were held in Peterborough about District Court consolidation. The State passed legislation allowing courts from different counties to consolidate. Within the next few years the state will be building a new court house in our area to house the consolidated Jaffrey and Peterborough court systems.

Stumps in the riverbed of the Mountain Stream were cut down in February and March. This was done by volunteers organized and led by Franklin Sterling. The Mountain Stream Reservoir Dam was closed this summer after flash boards were installed. The level of the water was allowed to rise to 1019 Mean Sea Level (MSL) to test the flash boards. After the successful test three (3) feet of flash boards were removed to allow the water to be stabilized at 1016 MSL which will be the normal level. The pond will have to be dropped one more time in 1988 to repair rail guides. New rail guides are required to open and close the dam gate. After the repair, we hope to stock the pond to provide excellent fishing. The Town has water rights to 1022 MSL.

The children from the fourth grade attended a mock Selectmen's meeting we had proposed in March. The children had their questions to ask and we all had an enjoyable hour or so. "Thanks, Grade Four".

The Boston and Maine Railroad bed in Jaffrey and Rindge has not been purchased yet by the state. The Department of Transportation is still working on the purchase. We are working with the state to lease the railroad bed at a nominal fee for use by the Town. We hope to use grant money for any contemplated uses of the railroad bed.

The Tri-Town Groundwater Protection Project's final report was submitted to the Town. We have the report and the Planning Board will use the map and report in the Master Plan update.

The Capital Improvement Plan was sent to the Offices of State Planning.

Mr. Franklin Sterling was elected as your new Selectman at the March Town Meeting. He stated that he was able to take on the task of Selectman because the Town has a Manager. We believe that having a Town Manager will allow others to seek this elected office who otherwise would not be able to do so.

On March 18, 1987 the Selectmen's Meetings changed to Wednesday evenings at 7:30 PM. It was hoped that this would allow better participation by the townspeople. There has been no change in attendance. The meetings will continue to be in the evenings.

Mr. David Kent was hired to be the Town Forester. He proposed a plan for managing our town forest lands. Any pay Mr. David Kent receives in 1988 will come from sales from the management of our forests.

The Federal Emergency Management Agency (FEMA) began its photography and mapping this summer. Grant money from the Federal Government is paying for this project. When the project is finished, the flood zones in Jaffrey will be precisely delineated and will be incorporated into the Master Plan and Ordinance.

Cartographic Associates, Inc. was hired to prepare our new Tax Maps. Funding for the beginning of this project was provided by passage of Article 14 at the Town Meeting. The photography was flown this summer and preparation of some of the maps has begun. Further funding to complete this project will be required at the 1988 Town Meeting.

The survey to find out how many people were residents of Jaffrey began after the 1987 Inventory forms were received. This was an in-house project and no funding was involved. The survey established by address that Jaffrey had 5020 people. Mr. Rich presented this information in person to the Office of State Planning to show them that their estimate of 4400 was in error. Some monies received from the state are based on population. This will ensure that Jaffrey receives all of the funds it should receive from the State.

In June, the One Hour Parking Ordinance was enforced in downtown Jaffrey after businesses complained that people could not find a place to park. In December we received a petition to discontinue one hour parking in downtown Jaffrey. The petition is under study. One day Jaffrey will have to face the need for a municipal parking lot on the west side of the Contoocook River. A municipal parking lot on the east side of the river will be provided when the state does the downtown improvements (the first phase of the Route 202 thru-pass). It is expected that Public Hearings will take place in 1988 on these improvements. As you know, one million dollars has been appropriated for this by the state. The second phase (Blake Street to Red Dam) of the Route 202 thru-pass now has been placed on the state's ten year plan. Continued emphasis will be needed to get the second phase into the five year plan and funded.

An Ordinance restricting parking on the east side of Grove Street was passed by the Selectmen to ensure that the fire department, police and ambulance service could have passage down that street during activities at the Conant Ball Field.

The Town of Jaffrey entered into a contract (two years) with Mr. Edward Cutter to take gravel from his property. This contract will provide a cost saving to the Town.

A Tree Farm was established on Town land, near the sewer lagoons, to provide replacement trees to the Town. The idea was provided to the Selectmen by Mr. Bissell Alderman. The trees will be purchased by voluntary action.

Sewer revenues and costs were studied. After complete examination of both, Mr. Rich proposed no sewer rate increases in 1987 to the Selectmen. Based on Mr. Rich's presentation, the rates were not increased. We hope to stabilize the sewer rates with innovative ideas.

With the approval of the Selectmen, Mount Monadnock has been designated a National Landmark by the US Department of Interior.

Map 1 Lot 14, Town land on the south side, near the top of Mount Monadnock has the White Arrow Trail running through it. A legal document is being prepared so that the State may enter the property to maintain the trail.

Meetings with Rindge, consisting of Selectmen, School Board and Planning Boards were started in the late fall. The purpose of these meetings is to see how we can all cooperate to ensure our taxpayers are getting the most for their dollar.

The new police chief, David Barrett, was sworn in by Barry Sasner on August 28, 1987. Mr. Barrett came to Jaffrey with a history of providing to Towns a police force that serves the Town's needs. We expect a great deal from Mr. Barrett and we hope that he will meet the challenge.

In 1987 the funding by grant for sewers from Federal resources came to a halt. The Clean Water Act was not signed. The state will still provide twenty percent (20%) of the eligible funding. Easy loans will be available from the Federal Government. NH Senate Bill 212 was passed this year which caused drop-out money (money not used in another town's/cities sewer projects) to be returned to the NH General Fund. Prior to this, Jaffrey had been able to get some of the money to upgrade our sewers. What we have left is Contract #4, Cross Street Pumping Station, Contract #2, River Street Pumping Station, Contract #6, Lacy Road and Contract #7, Squantum Road. The upgrading of our sewer system is at an end unless the Town can come up with innovative ideas. Some are: 1) Allow Woodbound Inn into the Jaffrey Sewer system with them funding the sewer construction on Contoocook Road and Hunt Road, building a pumping station, Hunt Road and building a new lagoon. This would do part of Contract #7. 2) The River Street Pumping Station, Cross Street Pumping Station, Lacy Road and the rest of Contract #7 must be funded by any developer wishing to use the sewer system. The sewer user and the taxpayer cannot afford to pay for further upgrades of our system with the new rules now imposed by the State and Federal governments.

The Contoocook Lake Association has been working on the problem of weeds in Contoocook Lake. Each beach owner is being asked for \$600.00 to help get rid of the weeds before the lake is damaged. Jaffrey owns a beach and the Selectmen voted to pay the \$600.00.

Mr. Barry Sasner, Town Clerk, died on August 31, 1987. The Town mourned his death. He was one of the best, of which there are so few.

Mr. Robert Stephenson volunteered to head the volunteer committee to improve the Village Cemetery and see if it could be brought back to an active cemetery. They have had work sessions of volunteers. Most of the broken headstones have been removed and are being stored under cover for the winter. It has been said that you can tell a lot about a town by the way it takes care of its cemeteries. Jaffrey cares.

Mr. Rich and Mr. Saunders have been working with the Public Utilities Commission (PUC) to raise the water rates in Rindge to parity with the Jaffrey rates. We may need help from our Representatives and Senator to get the PUC to change some of its rules.

Preliminary work has been done by Selectman Mitchell to change the Jaffrey street lights to a more cost effective system. Four (4) new lights are on display. The cost of these lights will be addressed in a Warrant Article at the Town Meeting in March 1988. If the article passes the Town will be eligible for 15% of the cost to be paid by an Exxon Lighting Grant. Replacing these lights has an up front cost with a long term saving. We should be able to cut our street light electricity cost by one half once these lights are installed.

The problem of seasonal homes and roads being upgraded to year-round homes and roads is being addressed by the State and by Jaffrey. The septic systems of these homes must meet the same standards as newly built homes. The initial cost of upgrading a Class V seasonal road to a year-round Class V road must be paid by the owner/developer, not by the taxpayer.

Millipore has installed its sewer system from Millipore to the lagoons. The Town has not as yet accepted this new sewer system.

A questionnaire was sent out by the Selectmen with the Sounding Board questionnaire. We had 704 returned:

1. Should the Town adopt a recycling program to reduce waste tonnage into our Town Landfill and eventually into the regional landfill?  
YES - 589                      NO - 86                      NO ANSWER - 29
2. To help with budgetary planning and control, should all Town employees be given equal pay for equal work and education?  
YES - 279                      NO - 373                      NO ANSWER - 52
3. Do you desire a real Town by-pass instead of the presently proposed thru-pass?  
YES - 311                      NO - 341                      NO ANSWER - 52
4. Should the Town accept the Woodbound Development sewer into the Jaffrey Sewer system?  
YES - 479                      NO - 181                      NO ANSWER - 44

We wish to thank those who participated.

Witt Hill Road will, in part, be upgraded from a seasonal road to a year round road. Costs of the road will be borne by the developer and the town will upgrade the entrance to Route 124.  
The new Town Clerk, Maria A. Whitney, was sworn in on October 22, 1987. She is making great strides in bringing the office back to full function.

The Board of Adjustment is now being appointed by Mr. Bernard Hampsey, Town Moderator.

The Conservation Commission is working with the State on the conservation of land in Jaffrey. Seven (7) million dollars of matching money is available from the State. A Warrant Article will be prepared in an attempt to get some of this money.

In 1988 we hope to be able to address the cross connecting of our water systems from downtown Jaffrey and Poole Pond. Presently a fire pumping truck has to pump water to the west side of Town if anything happens to Poole Pond. A cross connecting station would be a better way of providing water to users in the western part of Jaffrey. It is not intended to mix water sources but to make it easier to handle water emergencies.

We have been investigating the need for a Code Enforcement Officer. Mr. Rich made contact with Rindge to see if they would share one. They said no. We are now working with New Ipswich.

Mr. Roy Stone came to the Selectmen to discuss the NH Municipal Budget Act (MBA) to see if we would support a Warrant Article. We said that we would research the idea but at that time we saw no difference in the MBA and the way the present budget committee was handled. His concern was that they had no real authority. Mr. John Durr, Department of Revenue Administration, met with the Selectmen and the Budget Committee to explain the NH MBA. After the discussion and further research the Selectmen say that if the Town wants the MBA the Selectmen have no problem with its enactment. However, the Selectmen feel that the Budget Committee should be elected by the people not appointed by the Town Moderator. Mr. Richmond came in on December 30 with a petition Article for the NH MBA.

A piece of land taken by tax deedding was sold to Mr. John A. Given. Town Counsel, David Tower, advised the Selectmen an auction was not necessary as the Planning Board had made a stipulation when this landlocked piece of property was subdivided that only the abutter to the land could purchase it. The land will now produce tax revenue for the Town.

The Trustees of the Library will be elected at Town Meeting 1989. Review of the current law and its July 1 1987 update requires election by 1991.

The Keene Industrial Development Corporation came to the December 23, 1987 Selectmen's Meeting to explain their role in Cheshire County. They try to get industry for a Town by knowing what vacant buildings and lands are available. Further study is required before Town Meeting.

Jaffrey is one of twenty-two (22) towns in the Southwest Solid Waste Management District. The District is responsible for establishing a regional landfill of adequate size to accommodate the membership. After four (4) years of searching, testing and evaluating, a site in Winchester, NH was selected. The District coordinated an option to buy the property in June 1987. The entire town of Winchester has been vehemently opposed to construction of this landfill and future construction of an abutting Waste to Energy Plant.

In December 1987, surface and subsurface water contamination was discovered on the site. All activities, engineering design, permitting, negotiating purchase and preparing financing have ceased. With the Winchester site becoming unacceptable, the District must re-initiate its search for an acceptable site.

Jaffrey was one of the twelve (12) sites reviewed earlier for final consideration and will undoubtedly be scrutinized again for its degree of acceptability as a regional landfill.

With the increased tonnage of materials into the waste stream and a decrease in available landfill space, recycling of various items becomes necessary. It will become increasingly important, actually imperative, if and when Jaffrey is ordered to close its landfill. With the advent of a regional landfill and the closure of Jaffrey's landfill, every ton of recyclables removed from the waste stream reduces over the road hauling costs as well as tipping fees at the landfill.

Jaffrey has initiated action to establish a recycling program in 1988/1989. Coordination has been initiated with the Selectmen of Dublin and Fitzwilliam, the two Towns that are currently under contract to use the Jaffrey landfill.

An article for the Town Warrant has been written proposing funding for construction of a recycling center during 1988.

The nucleus of a recycling committee is being formed. Problem areas and proposed recyclables are being reviewed with a target goal of volunteer recycling established by July 1988 and mandatory recycling effective July 1, 1989.

This year we have had Building Permits for twenty seven (27) single houses and for zero (0) apartments for a total of living units. A total of twenty seven (27) one hundred sixty (160) Building Permits for all structures was approved by the Selectmen.

The Selectmen wish to thank all Town employees for their dedication and hard work. Mr. Rich, our Town Manager, has provided the expertise to run the Town government in 1987.

We also wish to thank all the interested citizens of Jaffrey. Your support with the Selectmen's Survey, your concerns about Jaffrey and your volunteering to participate in different activities to improve town government makes the Selectmen proud to serve you.

## REPORT OF THE TOWN CLERK

In the short amount of time I have been Town Clerk I continue to be amazed at all of the many facets of the job. I am also amazed at the amount of monies collected through motor vehicle registrations, dog licenses, and other miscellaneous services and licenses.

The biggest increase in monies is through motor vehicle registrations which has increased by \$54,661 since last year; reflective of an increase of 250 vehicles registered since last year. Over all, the total amount of monies collected this year compared to last, has increased by \$55,796; this figure has been consistent for the past four years, which shows that Jaffrey is growing.

I would like to thank the following: the Selectmen for hiring and encouraging me, the staff here at the town offices for sharing their time and knowledge, and most of all the residents of Jaffrey for their patience and kindness.

Respectfully submitted,

Maria Whitney  
Town Clerk

## REPORT OF THE TOWN MANAGER

Incorporated in the Annual Town Report for 1986 was a report from the Town Manager which listed four (4) goals and objectives which I established for myself. These were:

1. Improved Financial Management
2. Risk Management
3. Economic Development
4. Long Range Planning

### Financial Management:

One step was to reinforce the "Purchase Order" system to control spending. This system has taken hold very well and has resulted in cost savings. Tied in with this is centralized purchasing of common items. In the past, each department would order supplies independently which did not lend itself to the "best deal".

The greatest improvement is the purchase of computer equipment and relevant software. The computer and software were purchased with Revenue Sharing funds as authorized by Town Meeting. The Town now conducts a more detailed analysis of income and expenditures.

The borrowing of money and the reinvestment of these monies was managed in a different form than previous transactions. Borrowing took place only as necessary and the investment of this money was carefully placed. The Town borrowed \$1.8 million dollars and the net cost to the Town for this borrowing was approximately \$4,700; and overall savings of approximately \$31,000.

### Risk Management:

Analysis of the Town's insurance coverage was conducted during 1987 which resulted in some adjustments of our policies. Higher deductibles were created in some instances in order to hold down the percent increase in premium payments.

In the near future, these deductibles will need to be increased in order to hold costs at some reasonable level. When that point in time arrives, a trust account should be established to create a pool of money to cover these deductibles.

### Economic Development:

The government cost index rises at a rate of approximately 3 1/2% to 5% per year. This index is just for the cost of goods and services, not employee salaries. At this rate, the taxing base of the community has got to increase in order to minimize the impact to the residential taxpayer of this inflationary factor.

The greatest net dollar income for tax purposes is generally derived from commercial and industrial development. The Town must take strong steps to improve the balance of land use in order to maintain a reasonable tax rate.

Long Range Planning:

The Staff continues to have input into long range financial planning by submitting data and information for the Capital Improvement Program. This is then submitted to the Planning Board.

Some of the major issues facing the Town in the future are:

1. Landfill
2. Water Supply
3. Sewer

All will have to be closely monitored in order to protect, as best as possible, the Town's best interest.

I wish to acknowledge and thank all the Town's employees for their support, as well as the Board of Selectmen and townspeople.

Donald T. Rich  
Town Manager

## DEPARTMENT OF PUBLIC WORKS REPORT

### HIGHWAY DEPARTMENT:

#### Flood Damage:

Due to the damage caused by the March 31 & April 1 floods, the Town applied for a grant from the Federal Emergency Management Agency and received from the State of New Hampshire and the Federal Government 87 1/2 percent of the total costs of \$188,000 to repair the damages for the following roads: Cobleigh Hill Road, Dublin Road, Gilmore Pond Road, Hadley Road, Heath Road, Hillcrest Road, Ingalls Road, Old Fitzwilliam Road, Old Peterborough Road, Old County Road, Parker Road, Red Dam, Prescott Road, Old Mill Road, Mountain Stream, River Street, Pierce Crossing Road and Squantum Road. This work was time consuming and not anticipated in our budget, but was completed this year.

#### Reconstruction of Roads:

Dublin Road - With the State of New Hampshire, the DPW completed the final phase of reconstructing this road to State specifications from the entrance of the State Park to the Dublin Town line.

Amos Fortune Road - From the intersection of Route 137 to the bridge before Old Peterborough Road (about 2500 linear feet); this road was reconstructed using the reclamation method.

Charlonne Street - This road was reconstructed using the reclamation method. The final top coat of hottop for the sidewalk and curbing will be installed in 1988.

Howard Hill Road - The backside (headed toward the Public Beach) was reconstructed the conventional method.

Gilmore Pond Road - This road was reconstructed using the reclamation method from the intersection of Old Fitzwilliam Road northerly about 2000 linear feet; and from Jaquith Road to the Mountain Stream, about 900 linear feet.

Prescott Road - The entire length of this road was shimmed and an one inch wearing coat of bituminous concrete and oil treatment was applied.

Squantum Road - From Prescott Road to the intersection of Hunt Road, this section of road was shimmed and an one inch wearing coat of bituminous concrete and oil was applied.

#### Bridge Work:

Seven bridges under Town jurisdiction were repaired to State standards for safety and insurance reasons.

#### Other Projects:

Webster Street Sidewalk - From the railroad tracks to Peterborough Street, a new sidewalk was installed.

School Street Drainage - With financial aid from the School District, drainage improvements were made on School Street in anticipation of reconstructing this road in 1988.

#### Maintenance Work -

1. Cleaned catchbasins and drainage ditches.
2. Cut and moved roadside brush and trees.
3. Replaced collapsed catchbasins and drainage pipes.

#### SEWER DEPARTMENT:

New sewer lines, and a Pumping Station, were installed under Contract No. 5 (Riverside Ridge and Old Peterborough Road area). Homes in this area will be able to connect to the Municipal Sewer commencing in the Spring of 1988.

The new main Pumping Station (Hadley Road) was completed this year and is operating efficiently.

The Pretreatment Program was started this year and should be implemented in 1988 for the control of sewer effluent from the various industries in Town.

#### WATER DEPARTMENT:

The new water building, including offices, laboratory garages, was completed for operations this year.

The corrosion control program was completed this year and is in operation.

#### LANDFILL:

A Landfill Study was completed this year and submitted to the State of New Hampshire for approval. When implemented it should lengthen the life of our landfill for an estimated additional twenty-eight (28) years.

#### WINTER MAINTENANCE:

The winter season of 1987 was an extremely busy one. With ice and sleet storms occurring about every weekend, the DPW crews spent many extra hours treating the roads.

#### ANTICIPATED PROJECTS FOR 1988:

Roadwork: Reconstruction of School Street, Hunt Road; shimming and hottopping Coolidge Street, Old Peterborough Road, Hillcrest Circle, Parker Road, Pinecrest Road, Ridgecrest Road, Skyline Drive and Sunnyfield Road.

Landfill: Implement new operational plan.

Water: Install new water mains on Old Peterborough Road.

In summary, I wish to thank the DPW crews for their untiring efforts and their devoted time in the completion of the many projects and emergency situations that took place in 1987. Without this cooperation, it would not have been feasible to accomplish this volume of projects.

# THE JAFFREY PUBLIC LIBRARY

## ANNUAL REPORT

During the months of January and February, the Trustees, Staff and Friends campaigned vigorously for an addition to the Library. At Town Meeting 1987, the addition was defeated by only eighteen (18) votes. We had a majority vote, but by law a two-thirds vote is required for any bond issue.

In June, a Building Committee was formed to review Library choices. Those serving on the committee were: Chairman, Town Manager, Donald Rich; Selectman, Robert Mitchell; Librarian, Cynthia Hamilton; Chairman of the Jaffrey Public Library Trustees, Elizabeth Shea; Planning Board Member, Stella Pillsbury; Citizens, Helen Kruse and Katherine Ayres. The committee met with the architect to review and revise the plans for the addition.

Frederick Richardson, a Library Trustee and Treasurer of the Board for eight years resigned for personal reasons. The Trustees appointed John Stone to complete his term.

As an introduction to National Library Week, Paul St. Pierre's presentation on the genealogies of Jaffrey French families was interesting, informative and enjoyed by all.

The Friends of the Library raised thirteen hundred (\$1300) dollars at their Book Fair held in July at the Woman's Club. This event was chaired by Margaret Bean. The Friends also held two other fund raisers. All proceeds will go toward the children's area in the planned addition.

The Oxford English Dictionary, fifteen (15) volumes plus supplements, was given to the Library by an anonymous donor in memory of Jack Bean. Homer J. Belletete gave five thousand (\$5000) dollars in memory of his wife, Louise, to the Library Building Fund for furniture in the children's area. Thomas and Ann Raleigh gave one thousand (\$1000) to the library in memory of Ann's mother, Lucille McChesney. The Monadnock Bank and Leonard and Kathleen Short, Jr., each gave an unrestricted gift of one thousand (\$1000) dollars to the Building Fund.

"Dinosaurs! Dinosaurs! Dinosaurs!" was the theme of last year's Summer Reading Program. At the awards ceremony, certificates were presented by Jean Page, Trustee, and Jeanne Burr, Children's Librarian, to those children who read six or more books. Three thousand, two hundred and seventy-four (3,274) were borrowed during the seven weeks of the program. Diana Craven and Susan Peterson made calls for cookies. They also helped with dispensing of the ice cream cups and fruit drinks which the Friends of the Library furnished for the party.

The Little Red Wagon made its annual summer appearance. Everyone enjoyed the program.

All State requirements regarding policy for a library of our size have been completed and submitted to the State Library. This updating is done every five years.

Michael Cote was employed as a student helper for eight weeks last summer. Jennifer Sawyer, a graduate of Mount Holyoke College, is currently a member of the Staff. This Fall, Lisa Bearce, has been taking courses toward a Library degree at Simmons College. Marilyn Simons, Staff Member, took courses at Keene State.

In November, at the Friends' Annual Meeting, a new slate of officers was elected: President, Ruth Brown; Vice President, Barbara Haveran; and Secretary-Treasurer, Marie DeCiaccio. During the December meeting, the Friends decorated and donated lights for the front windows of the Library for the Christmas season.

At the December Trustees' meeting, Harriet H. Andrews, on behalf of the Warfield Bird Fund, presented five more Warfield birds to the library. They are currently on display. Come in and see them.

Trustees, Librarians and Staff represented the Library at many State, regional and local meetings this year.

The Board of Trustees are most appreciative of our excellent Staff, the invaluable Friends of the Library, donors, volunteers and everyone who has give time or support to the Jaffrey Public Library. Thank you.

Respectfully submitted,

JAFFREY PUBLIC LIBRARY TRUSTEES

Elizabeth B. Shea, Chairman

Jean B. Page, Secretary

John Stone, Treasurer

## REPORT OF THE BOARD OF ADJUSTMENT

Applications to the Jaffrey Board of Adjustment for appeal are normally scheduled for public hearing on the first Tuesday of each month beginning at 7:30 PM. A member of the Board will meet with any applicant requiring assistance in preparing their application the Tuesday evening two (2) weeks prior to the first Tuesday of the following month in the Town Office beginning at 5:30 PM.

In 1987 the Jaffrey Board of Adjustment held forty-nine (49) public hearings where applicants presented proposals requiring Variances and/or Special Exceptions. Of the forty-nine (49) applications submitted, thirty-eight (38) requests were granted, eight (8) requests were denied, one (1) request was upheld by the Board via earlier decision and two (2) requests were not acted upon due to the applicants failure to appear.

The Board of Adjustment invites and encourages all interested parties to attend our public hearings. Input from interested parties as well as abutters is always greatly appreciated.

Respectfully submitted,

Christopher A. Struthers, Chairman

## REPORT OF THE JAFFREY CONSERVATION COMMISSION, 1987

During 1987, the Conservation Commission was involved in a variety of ecological matters and concerns that hopefully will be looked back upon in the future as sound underpinnings in Jaffrey's growth.

Most significantly, the Commission has been involved in the State's Land Conservation Investment Program. This is an opportunity for our community to preserve special conservation and recreation lands for present and future generations. Spear-headed by the untiring efforts of Bill Jack, Jaffrey looks to have a good chance to compete favorably for matching funds.

The Commission continued in its role as advisor to the Board of Adjustment by reviewing and making recommendations for variances and exceptions to the existing Jaffrey Wetlands Regulations. In addition, all State Dredge and Fill applications were observed, reviewed and evaluated with recommendations made to the State Wetlands Board.

The Commission plans to continue in its efforts to be actively involved in matters pertaining to our natural resources, as in our work with the Highway Department, and the Selectmen to find a future snow dump site, or as with our involvement in the initial stages of planning with Mr. Pittman and the Shattuck Inn Golf Course, a project that will lend itself well to the environment.

Again this year two students attended the Conservation Camp. Thanks to the Monadnock Bank, D.D. Bean and the Women's Club of Jaffrey for their assistance in this worthwhile cause.

It is the Commission's hope that residents of Jaffrey share with us the importance of our natural resources, and that by working together the future will be healthier environmentally.

Lastly, a special thanks to Mr. Lloyd Robinson for his energy and participation on our Commission for the past two (2) years.

Ronald M. Reid, Chairman

## REPORT OF THE JAFFREY HISTORIC DISTRICT COMMISSION

During 1987 the Jaffrey Historic District Commission held twelve (12) regular monthly meetings, one (1) joint meeting with the Planning Board and a number of work sessions. Two (2) applications were received and heard, one requesting approval for off-street parking and a sign and the other for a woodshed addition. Both were approved subject to certain conditions.

The Commission expended \$99.73 of its \$100 annual appropriation. Application fees totaling \$10 were turned over to the Town leaving a net expenditure of \$89.73.

Completion of the Historical and Architectural Resources Survey was the major task of the Commission throughout the first quarter of 1987. Copies of individual Survey sheets were distributed to interested property-owners at Town Meeting. Plans were also developed for the Commission's continuing participation in the Certified Local Government program of the National Park Service and the NH Division of Historical Resources. Jaffrey is one of only five New Hampshire communities to be designated a Certified Local Government (CLG). The Commission's second grant-sponsored CLG project is about to commence. This will involve, among other activities, the production of a slide show and pamphlet on the town's architectural heritage.

Throughout the year discussion continued on the Commission's role in the updating of the town Master Plan. A meeting was held with Mr. Robert Panton of the Southwest Region Planning Commission and individual members have attended meetings of the Sounding Board.

During the year Commission members attended various regional and national meetings, including those of the NH Association of Historic District Commissions, the NH Historical Society, the annual meeting of the National Trust of Historic Preservation and the Town Planning Institute. Members also participated in such local endeavors as the Baptist Cemetery restoration project.

Leaving the Commission in 1987 were P. Edward Deschenes, Robert Potter and Robert Stephenson. Their active participation and hard work were greatly appreciated and the Commission extends its thanks to all of them. Joining the Commission this year were Charles Roy and Franklin W. Sterling.

All residents are reminded that the Commission's regular monthly meeting is on the first Thursday of each month at 7:30 PM in the Town Office Building. Questions about the Commission and its procedures may be directed to, and application forms obtained from, the Chairman or the Secretary.

Martha S. Brummer  
Secretary

For the Commission:

Christopher V. Bean, Chairman	(term expires 1989)
Nora Bryant, Vice Chairman	(term expires 1988)

## REPORT OF THE PLANNING BOARD

Planning Board activities for 1987 included the following:

25 site plans, including conversion of existing structures into multi-family housing, establishment of small businesses mainly within existing structures, one major industrial construction project, and two commercial construction projects.

10 minor (less than four lots) subdivisions.

6 "technical" subdivisions, which include lot line adjustments and transfers of property between abutters.

1 pit agreement for removal of gravel.

The bulk of our effort was devoted to the updating of the Jaffrey Master Plan. As the entire update could not be accomplished within one calendar year, the board decided to revise in phases. The following has been done to date:

A. The draft population study by the Southwest Region Planning Commission (RPC) was give preliminary approval.

B. The major land use maps, including soils, slope, water-sheds, aquifers, roads, and present land uses are complete. A preliminary future land use map is under consideration.

C. Revision and correction of the Jaffrey Land Use Plan has been completed and will be presented to the voters for approval by ballot vote at March Town Meeting. A new proposal for flexible development has also been prepare. Flexible development maintains the same overall density of development presently authorized, but permits considerable variation in lot size, frontage, and location of structures. Its aim is to accommodate future development while maximizing the preservation of open space and the rural character of Jaffrey. This will also be on the ballot for Town Meeting.

D. The Historic Features Inventory, paid for by state grants, has been completed by the Historic District Commission and will be incorporated directly into the Master Plan.

E. The Sounding Board developed and administered a public opinion survey.

F. Mapping of Jaffrey's flood plains is underway by the Federal Emergency Management Agency (FEMA) and will be completed during 1988.

G. State law now requires that all Master Plans include a Water Resources Management and Protection Plan. Ours is being prepared by the Regional Planning Commission (RPC). Ordinarily, the cost for developing such a plan is from \$3,000 to \$5,000, but Jaffrey's plan is a pilot program for the Southwest Region, and all expenses are covered by a grant to the RPC. It will be completed during 1988.

Both subdivision and site plan proposals have become increasingly complex because preservation of the environment is so vitally important. Accordingly, the Planning Board made procedural changes designed to handle applications more quickly and efficiently. These are:

A. All applications will be pre-screened for completeness and conformity with the regulations and will not be scheduled for public hearing until complete.

B. Prior to public hearing, the RPC will perform a technical review of all major subdivisions and site plans.

C. If there is any question about the soil and the nature of the land, the Cheshire County Soils Conservation Service will perform a

soils analysis prior to public hearing. All costs for these reviews will be the applicant.

Continuing a long-standing practice, the planning board of reserves the first half-hour of every meeting for anyone who wishes a preliminary discussion or has any matter to discuss with the board. Just call the Chairman or the Secretary to get on the agenda.

Officers for 1987 are: William C. Arthur, Chairman; Robert Potter, Vice-Chairman; Stella Pillsbury, Secretary. Alternate member Chris Bean was appointed a regular member in November, and alternate Lloyd Robinson resigned in December.

It's been a long year, averaging about three meetings a month. I take this opportunity to thank all board members for their dedication and conscientious effort.

William C. Arthur  
Chairman

## REPORT OF THE CHIEF OF POLICE

As this is my first report to you since I was appointed on September 1, as your Chief of Police, I would like to take a moment to thank all of you for your support. Although I have had the opportunity to meet and talk with a number of the citizens in the community, I realize there are still a large number of you I haven't had the pleasure of meeting. I hope that we will have that opportunity during the coming year.

1987 has been a very busy year for your Police Department. The demand for service has risen above our projections. Clearly, it appears the increase in the service rendered has exceeded the current population growth. There are a number of reasons why this trend appears to manifest, some of which are out of the community's control. Chief among these is the close proximity to Massachusetts, and the intersection of two State Routes, and one U.S. Highway. However, the members of the department and I are dedicated to bringing you the best possible service that we can given the limitations of the budget and other similar circumstances. It is imperative that the community feel comfortable in calling upon their Police Department for all of the myriad of tasks which we willingly perform.

Unfortunately, the crime rate in New Hampshire has risen again for the third consecutive year. In looking over the total part 1 crimes listed by the state U.C.R. (Uniform Crime Reporting System), I find that, overall, we in Jaffrey look pretty good in comparison to other like communities around the state. However, as we focus on those crimes committed against persons, I see a disturbing sign. The Town of Jaffrey has had an inordinate number of crimes committed in this category. On a more positive note, our crimes against property (burglary, theft, criminal mischief etc.) are far below the state average.

In the coming year I will be initiating a Neighborhood Watch program which I hope to be able to present to each of the different neighborhoods throughout the Town. I feel it is imperative that we address these problems collectively. We need your help. It is only through being alert, observant and caring about our Town and our neighbors that the incidents of crime can be reduced. The police can be much more effective in keeping you, your homes and your property safe with your input and assistance.

Another area of concern for me, is in traffic enforcement. During the past year our community has had more than it's share of traffic collisions, including, I am sorry to report, three in which four people died. While we at the police department have taken steps to address this problem, we also need your cooperation in this area. I would like nothing better than to report to you that we have issued fewer citations in a given year than the year before, and that our traffic collision rate had dropped. In order for that to come to fruition we must all drive safely, wear our seatbelts and obey the rules of the road.

In the statistical data that follows you will see some changes in the way we report to you. Included will be a recapitulation of calls for service. By way of measure I would like you to know that a call for service is any call which requires an Officer to physically do something. That could take as little as five minutes or as long as five hours. In the coming years I will be reporting to you in this manner and showing you year by year comparisons in these terms.

## REPORT OF THE JAFFREY RECREATION DEPARTMENT

1987 was another year of growth and change for the Recreation Department. We feel that the programs and activities offered have run smoothly this past year; although a few less programs were offered, participation in these activities was higher. The major programing and facility improvement accomplishments are listed below:

1. The Jaffrey Friends of Recreation donated to community recreation close to \$7,000 in donations in the way of equipment, services and program sponsorships for 1987. This non-profit, recreational service organization assists the Recreation Department with several activities, while conducting rollerskating and other recreation activities. They have co-sponsored, with the Recreation Department, programs such as Youth Soccer, Youth Basketball, Pre-School Fun Days, Track & Field Club, school vacation activities, Christmas and Halloween special events, trips, and the list goes on. Please offer your assistance and become an active member of the Friends of Recreation in order to keep many community recreation activities alive, and costs down.
2. The Recreation Department, with the support of the Monadnock Bank, conducted a very successful summer concert series at the Jaffrey Bandstand. The Monadnock Musicfest series, as it was called, brought back a wonderful community tradition with nine (9) concerts scheduled.
3. The Department again assisted the Jubilee Committee with various duties. The John Morgan Road Race was very successful with a field of one hundred and fifty (150) runners from Jaffrey and the surrounding communities. Other community special events (Halloween, Christmas and other holiday activities) were conducted and ran very smoothly. A special thanks to all of the individuals, businesses and organizations who made them possible.
4. Several recreation facility improvement projects took place, although vandalism took its toll this year as well. Repairs to the fence and installation of a new gate (thanks to Monadnock Fabricators) was completed at Contoocook Beach. Plumbing repairs were made at the Skating Rink to improve flooding for ice, thanks to Jaffrey Fire Protection. Most of all, an anonymous person gave the Town a \$12,000 pick-up truck with plow for the use by the Recreation Department to perform its facility maintenance duties at the Town's recreation facilities.
5. The Jaffrey-Rindge School District and Recreation Department has continued to cooperate regarding combined athletic, town and school facility use by the general public and recreation activities.

The Recreation Committee and Staff wish to thank and give special recognition to the following for their continued unselfish support of recreation activities to the Town of Jaffrey and for their dedication which sets an example for all of us:

Jaffrey Friends of Recreation, Lion's Club, Jaffrey VFW and Auxiliary, Jaffrey Chamber of Commerce, John Humiston Post and Unit II American Legion and Auxiliary, Jaffrey Grange, Woman's Club, Community League, Jaffrey-Rindge Senior

Citizens, Sunshine Twirlers, Boy Scouts, Girl Scouts, 4-H, the other Town department personnel, Jaffrey-Rindge School District personnel and the several local businesses, industries, merchants and individuals within the community.

Listed below are the general types and numbers of programs and activities conducted in 1987, along with participation figures. To best provide recreational programming and services, to Jaffrey residents, we seek your input and suggestion, as well as volunteer assistance in some cases, in the development of a well-rounded recreation program in the community:

	===	=====

Goals for 1988 are always ambitious, yet the Recreation Committee will do our best to accomplish them, within the limits of time, money and personnel. That is why it is most important to consider volunteering in a community recreation project or activity that you may have an

interest or skill in.

1. Continue our commitment of facility improvements at the Town Beaches, parks and other recreation facilities.
2. Develop and conduct recreation activities for the entire community, and strengthen volunteerism for these programs. Seek to provide recreation services as the need arises.
3. Provide proper training to volunteer coaches, staff and volunteers, as a part of our risk management plan.
4. Develop more efficient policies and procedures in areas of marketing and contracted services.

We hope that you will support us as in the past, with our endeavors to provide quality recreation services in the Town of Jaffrey.

Respectfully submitted,

JAFFREY RECREATION DEPARTMENT

Christian Rieseberg, Program Director  
Ann Olsson, Secretary

## REPORT OF THE OLD BURYING GROUND TRUSTEES

The Jeff Garland work was completed as bid in 1987, with the exception that the stumps were not removed because there was not room enough for the machine to do the job. The cost of the work was reduced by \$125.00 to a total of \$400.00.

The Keene Monument Company work was completed as bid in 1986. Additional work was performed as follows: The Erickson Tomb was repaired, the entrance gate post was reset in cement, and twenty-two (22) stones were straightened and set in cement. This additional work cost \$3100.00.

Two (2) lots were sold during the year:

- # 580 B to the Peter Jarvis family - \$2000.00
- # 580 A to John and Sadie Hubbard - \$ 450.00

One (1) lot was transferred:

- # 615 A - John & Clarice Seamon to Emily D. Wright

One (1) deed was issued to replace a missing deed:

- # 453 to Arthur Bunce (1837-1910) & William A. Bunce (April 27, 1905).

Respectfully submitted,

Charles W. Bacon, Jr., Chairman

On April 1, 1986, new provisions of RSA 79, the timber yield tax law, go into effect. The imporant change requires the landowner to pay the tax instead of the owner of timber at the time of cutting. This change in the law is expected to be helpful to town officials when collecting the timber taxes due.
